EBAACE 2010 Education Session Business Aviation Safety

Business Aviation Safety Strategy

Over the next few minutes we will hear from specialist who will provide an overview on business aviation safety issues and new initiatives.

But what are we doing about the issues and how do we address new initiatives? The industry associations coordinate action through the Business Aviation Safety Strategy.

EBAACE 2010 Education Session Business Aviation Safety

Business Aviation Safety Strategy

The Business Aviation Safety Strategy contains a significant number of current and planned actions aimed at constant improvement in business aviation safety. The Strategy is annually reviewed and is updated as new initiatives are identified.

The Strategy serves as the BA input to the ICAO Global Aviation Safety Plan.
